

HPN Paris-Dakar

The extreme traveller with the wish of a motorcycle that is almost undestroyable takes the double swing-arm model HPN Paris-Dakar. All BMW 247E motorcycles are a suitable basis.

HPN Sport

The ambitious rider takes the HPN Sport with the paralever swing arm and central mounted shock absorber that gives you a light sporty motorcycle. All BMW 247E motorcycles from '87 on are a suitable basis.

Give us a phone call under 0049 (0) 8571 5300 and ask for Klaus Pepperl. Or visit our homepage at <http://www.hpn.de>

HPN Rallyesport

For rallye raids the HPN Rallyesport is the right model, it is the combination of the HPN Sport with the long distance motorcycle like a Paris-Dakar, (big fuel tank, front fairing, seat etc.).

Each version can be purchased as a complete motorcycle or conversion kit. You find the technical specifications and prices in the attached leaflets. We also are pleased to give you personal information to help you make up your mind. At a scheduled meeting you have the opportunity for a test-ride.
